MONDAY, JUNE 2, 1902.

According to the Warren Tribune, the Hon. R. W. Taylor, who has declined to accept another term in Congress, will be in the race for the Republican nomination for Governor next year. The convention may have no use for an ex-Congressman when it has the chance to nominate a present incumbent.

Youngstown wants a Congressman, and the Telegram of that city predicts that "it will be the judgment of the Republicans of the Eighteenth district that Youngstown's claims to this recognition be recognized as valid." If Eighteenth district politics resemble politics of the Nineteenth district, the "judgment" of the voters of the district will not have a rap to do with determining the matter. What is the judgment of the Hon. Mark Hanna in the matter?

In his card announcing that he will not be a candidate, after having been told by the politicians that he would be defeated for re-election to Congress if a candidate, the Hon. Emmett F. Tompkins, of the Columbus District, indulges in this bit of philosophy:

"There are three classes of men who may go to Congress. One embraces those who have little or nothing to do at home; another those who have a competency, and the other those who are assured of retaining their seats as long as they may wish, thereby becoming what may be called 'professional' Congressmen."

If the Akron Beacon is as acute as it usually is in detecting evidence of less majestic more or less remotely related to the ruling statesman of the Nineteenth district, it will not be slow to resent this imputation about "professional" Congressmen. As the Hon. Mr. Tompkins seems to "know his class" he should not hesitate to line up with the discredited one-term Congressman from the Medina district.

Our good neighbor, the Columbus Press, continues to infringe upon the Beacon Journal's newly-invented method of denouncing Republican Councilmen, "traitors and liars besides," and their ilk. According to the last account given by the Press, the "political highlanders" of the Capitol City were "hunting their holes to avoid the just indignation of an outraged party." "The gang is on the run!" "The people have taken up the fight for decency in politics!" "Worst gang of political pirates that ever tried to sell out a political party driven by votes of an indignant people into a colony by themselves, branded with the iron of scorn and covered with the contempt they so richly deserve." The esteemed Press seems to have appropriated not only the B.J.'s complete set of branding irons but its whole stock of scorn and contempt as well. Will our Akron neighbor stand this grand larceny of its most important asset?

The reports made public today by the Citizens' Committee of Sixty insure the success of the Young Men's Christian association movement in Akron and demonstrate that it is an Akron people's movement—not one of sectarianism nor the work of outsiders. More than \$31,000 is the amount of the subscriptions thus far made and 434 persons have subscribed. The Citizens' committee is anxious, and justly so, for the money will be needed, to raise still \$10,000 more within a short time. The original plan for a \$40,000 association project will thus be realized. The Citizens' committee has done an excellent work and its members are to be heartily congratulated. Akron is also to be congratulated upon the success of their movement, and when a modern building shall have been erected and an association with from 700 to 1,000 members put in working order the good which will result will be almost immeasurable.

Davidson Will Get It.

The Board will recommend to Council this evening that the contract for improvement of Falor st. be awarded to J. M. Davidson. His bid is \$5,693.

Good for the Citizens' Committee of Sixty. It has done as well in its way as the famous Committee of Fifty did.

It is hoped that President Seidell will allow a suspension of rules that Council may legislate in its shirt sleeves.

It might not be unsafe now to approach Council on the question of the annual picnic of city officials. Heretofore, the members have been having all the picnic they could take care of.

June brides, however, must not get to thinking that they are the "whole thing." There were a number of them last year, and the year before, and so on—and the world never changed its program a bit.

All will probably go well, unless some jealous rival waylays the king and plunges thunder out of him on a dark night while he is taking the Princess home from a spelling bee.

NOT DROWNED.

Owners of Boat Had Swum Safely Ashore.

The story in connection with the finding of a canvas canoe, ownerless,

full of water and with a hole stove in the bottom, has been told. Messrs.

Dayton Doyle, Jr., and Jay Carpenter were fishing in the boat Friday afternoon, and they struck a snag, which forced them to abandon the boat and swim ashore. They did not return for their property, and the finding of the boat, later, gave rise to the report that there probably had been a drowning.

BOUQUETS.

Preacher Says Satan Threw Them at Eve.

Ashland, Ky., June 2.—Rev. H. D. Prewitt, an evangelist, has been holding services in this city for a few days past, and has by his pointed sayings attracted unusual crowds. Last evening he preached to ladies only, and the following was one of his pithy paragraphs:

"Earth's greatest molding force for heaven or hell is woman. Satan recognized her ability to influence the world with her life, hence paid no attention to Adam when he wanted to work the destruction of the race, but began by flinging bouquets at Eve."

SALOONS

Received Especial Attention Sunday.

Two Proprietors In Police Court Monday.

Both Fined For Violation of Sunday Laws.

The extra vigilance of the police, in the watch they have kept on saloons on Sunday since the beginning of the crusade that has been promoted by Akron ministers, resulted in two arrests Sunday. N. L. Wilson, who conducts a saloon in the Arcade, left town over Sunday and left a new bartender, from New York State, in charge of the place. The new man neglected to remove the screen from before the window Sunday morning, and Wilson was arrested and charged with having violated the screen ordinance. The Mayor fined him \$10 and costs, the minimum penalty.

Wm. Chisholm, employed by Mr. William Washer to remove the effects at the Empire bar, Washer's lease having expired Saturday night, was charged with having kept the bar open on Sunday. Chisholm maintained that he was merely there to pack up the goods, and that several people wandered in, having found the door unlocked. Chisholm received the minimum penalty, \$25 and costs.

Wm. McLeur and John Cogswell, arrested by Officer Heckathorne and charged with clinging to a moving train, were assessed \$5 and costs each.

Edward Simms, colored, accused of engaging in a fight with Lulu Simms, pleaded not guilty, and his case will be tried Tuesday.

John Powell was fined \$2 and costs for intoxication.

Joseph Richards, arrested for intoxication, was released on bail, and did not appear for trial Monday morning. His case will be heard Tuesday.

A SONG BY LOCAL PEOPLE

"When a Coon's In Love" is the title of a topical song recently published by the Richards Publishing Co. The composer of the music was formerly a well known member of the Eighth Regiment band, and well known among the Welsh musical people of the city—Mr. Samuel Phillips. The author of the words, Mrs. Alice Lewis Richards, is the author of the children's books, "Winks" and "Smiles." Mrs. Richards and Mr. Phillips have a number of other songs ready for publication, among them being a beautiful sacred song, entitled, "The City Beyond," which promises to rival the famous "Holy City," a song for children, entitled, "Why Did Angels Take Our Mamma?"

LITTLE GIRL DEAD.

Scarlet Fever Claims Victim at Cuyahoga Falls.

(Special Correspondence.)

Cuyahoga Falls, June 2.—Ethel May, the 14-year-old daughter of Mr. Fred Dyer, of Main st., died at her home, Saturday, of scarlet fever. The funeral took place Sunday and the remains were interred in Oakwood cemetery.

BADLY HURT.

Wm. Clarkson Trampled Upon by Frenzied Horse.

(Special Correspondence.)

Cuyahoga Falls, June 2.—As Mr. William Clarkson, who is employed at the Lewis grocery, was delivering goods, his horse became frightened at the street cars. Mr. Clarkson sprang to the horse's head, but was knocked down by the frenzied animal which then ran away. The wheels of the wagon passed over Mr. Clarkson, who has 3 broken ribs beside being badly bruised.

UNDER A FALSE STEP

Eccentric Farmer Had Hidden a Small Fortune.

Marysville, O., June 2.—A great many stories are in circulation in regard to the method that William Benson, who died yesterday at his home in Darby township, employed in saving and caring for his money. Benson was considered quite wealthy, and was a leading Democrat. He was considered rather queer in many respects, and among the many odd things characteristic of him it is known that he never deposited any money in a bank. For several years he kept about \$4,000 enclosed in a metal box, which was secreted about his premises.

A few years ago he decided to change its hiding place. A false step was constructed in the stairway of his home, and under this his capital, about \$2,000 in \$10 bills and \$2,500 in gold was placed. A strip of carpet was spread over the step, and no one would have suspected that it concealed the hiding place of such a sum.

A member of the family happened to notice the carpet over the false step today while searching for the money, and found it. It is marvelous that no attempt was ever made to rob the house, for many persons in that neighborhood were reasonably certain that the old gentleman had hidden treasure, as he always reported money to the assessor each year.

"MOVING ALONG STEADILY."

Dr. Ira A. Priest Among Law Students of Akron.

"I am moving along steadily, reading law and delivering addresses at High school commencements," said Dr. Ira A. Priest, Monday. "It will be some time yet before I can take the law examination, as I have been registered only a short time." Dr. Priest is reading law in the office of Dick, Doyle & Bryan. He addressed the graduating class of the Mogadore High school Friday night.

AFRAID

That Bowery Street Bridge May Break Down.

City Engineer Payne has been instructed by the Commissioners to hire an expert bridge builder to investigate the strength of the Bowery st. bridge. Some of the citizens have become afraid that the structure is not strong enough to bear the heavy cars the N. O. T. Co. will soon place on the Barborton line. The city officials, however, do not believe there is any immediate danger of the bridge breaking down.

TWO ADDRESSES.

Dr. Pratt Begins the Week in a Busy Manner.

Dr. M. B. Pratt, pastor of the First M. E. church, went to Canfield, O., Monday to attend a conference of ministers of the Akron district of the M. E. church. He delivered an address before the conference on "The Psychology of Religion." From Canfield, Dr. Pratt went to Findlay to attend the State Sunday School convention. On Tuesday he will deliver an address at the convention on "The Shiloh of Effectiveness." Dr. Pratt will be home Thursday.

RE-ARRESTED.

May Gordon Accused of Keeping Disorderly House.

May Gordon was arrested Saturday by Officer Doerley on charge of keeping a disorderly house, and Lillie Snyder and Emma Gordon were arrested and charged with residing in a disorderly house. It is stated that the Gordon woman will fight the case, which has been set for Tuesday and she has retained an attorney. When she was arrested last she was given until last Thursday to abate the place on North Howard st., hence the visit by Officer Doerley, Saturday, which caused the arrests.

THE WORK OF THE N. O. T. "SPOTTERS" Is Not Confined to Apprehending Crooked Employees.

The dismissal of six conductors last week by the N. O. T. Co., for "knocking down" fares, was one of the first results the public has seen of work being done by "spotters." The company has four of these "spotters" at work, and they are regarded as one of the necessary expenses connected with operating the lines. It is figured that they save the company a great deal more each year than is required for their salaries. Nor must it be understood that the work of the "spotters" is wholly that of apprehending crooked employees. They detect mistakes, and occasionally find employees who

need additional instructions upon certain points of their work. In such cases they perform good offices for the employees, as well as the company. However, there are crooked men in all trades and professions. To keep the N. O. T. Co. free of such persons is the duty of the "spotters." On the day the six men were dismissed, there were 12 conductors on the carpet. Six were given an opportunity to redeem themselves. They were able to show that in some instances in which they were accused of "knocking down" fares, mistakes had been committed. The largest amounts of money were missed on show days.

WHO Will Get the Plum?

Infirmary Directors Deadlocked on Poor Physician.

A special meeting of the Board of Infirmary Directors was held Saturday for the purpose of choosing an infirmary physician. The directors were unable to agree and another meeting will be held sometime this week or early next week. The applicants are Drs. H. Newt Nipple, Edward A. Montenyohl, E. C. Himman, and J. O. Miller. Dr. Nipple is the present physician. None of the applicants received more than one vote.

NORMAL GRADUATES

Will Make Their Bows Tomorrow Night.

Tomorrow evening, at 8 p.m., the graduating exercises of the Akron Normal Training school will be held in the assembly room of the High school. Superintendent H. G. CYCLIST Fined For Riding Wheel Without a Light.

The police have been rather lax this spring in the enforcement of the ordinance compelling cyclists to provide their wheels with lights and bells, and only two prosecutions have been made thus far. The second arrest was that of J. E. Roice, whose case was heard in Police court, Monday for riding without a light. Roice was fined \$1 and costs.

THE GIRL WITH THE PRETTY LISP

Arrested in Wooster on Charge of Horse Stealing.

Wooster, O., June 2.—Mrs. Jennie Swartz, "the girl who lisped," wanted at Columbus, O., for stealing a horse and buggy, was arrested here Sunday. The property was also recovered. Mrs. Swartz left here a year ago to be near her husband, who was sent up for one year from Ashland. Swartz was released from the pen the day after Mrs. Swartz disappeared from Columbus with the horse and vehicle. She was found at their former home west of this city. Swartz saw the officers coming and made his escape.
